CONTEMPORARY WORKS BY JAMIE KOVACS

Kovacs Art Studios is a sole proprietorship, owned by Jamie Kovacs. Jamie is a passionate, contemporary artist of Hungarian heritage. Her dynamic, and highly textural collages have been exhibited in the US and sold worldwide. Her strength is transforming photographs into beautiful and kick ass collages, which both the giver and receiver appreciate.

"Kovacs Art Studios not only creates collages but is currently reveling in a new series, which will be 3-4 years' worth of ideas being brought to the canvas."
